INSTRUCTOR BIOS

LAURA MANCHESTER DERRETT

Laura has been a professional dog trainer since 1993 and started her agility career in 1998 when she created her own agility center, CDogsFly Agility in Turlock, California. Laura competed in the US with 3 her dogs, 'Josie' a golden retriever and 'Fly' and 'Fish', her 2 border collies. From there she moved to the UK with her husband Greg where she has traveled around the world (North America, Australia, New Zealand and, Europe) giving agility training seminars. Once moving to the UK, Fish had to start again at the novice level and quickly progressed up to the highest levels in both KC and UKA. Fish has qualified and competed in the Singles Final at Crufts and the Agility Stakes Final at Olympia. He has also represented GB at the 2008 European Open and also in 2008 won the UK Agility Grand Prix Final.

Laura was a team Coach for Great Britain's IFCS World Agility Championships Team in 2006 & 2008. Both teams brought back an impressive array of medals and have been the most successful GB teams to ever compete abroad. In 2009, Laura and 'Fish' qualified for the GB Team 2010 IFCS World Agility Championships. Laura's young dog, Spider, born in 2007 is just beginning his agility career and has quickly progressed through the levels in GB agility.

TERRIE DEMIERRE

Although born in New York City, Terrie was seduced by hiking and mountain climbing in the Pacific NW. After completing her degree in Veterinary Medicine from the University of California, she moved to Seattle and practiced there for 23 years. Subsequently, she and her husband established a wholesale ornamental nursery business at their farm in La Center, WA. Now retired from that as well, two of the large nursery fields have been converted to grass Agility fields where Terrie teaches private students. In 1989 while still in Seattle, Terrie and her husband got their first Border Terriers and she embarked on her agility odyssey. Both dogs achieved their ADCH and multiple NATCHs. (At that time there was no AKC agility program). Border Terrier number three, 'Tripper', arrived in 2001. Tripper was the # 1 AKC Agility Border Terrier for 2006, has 3 MACHs, 2 ADCHs, has competed at the AKC World Team Tryouts, been on 2 finalist DAM teams at the USDAA Nationals, and was the #1 Overall Terrier at the Terrier Only Performance Summit in 2008. Six years ago, 2 year old Border Collie, Rising Sun 'Skeet' joined Terrie's family. Skeet has earned his ADCH and is just one double Q away from his MACH. He has given her many gifts on her journey to becoming a wiser dog trainer and a more skilled agility handler. Terrie's 2 year old Border Collie Rising Sun 'Dagger' made his agility debut last March and is having a wonderful time. Seat belt required for this boy!
